

SRI SWAMI MADHAVANANDA WORLD PEACE COUNCIL

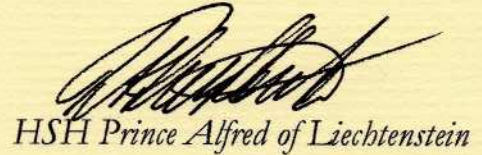

The main aim of SSMWPC is to support and fulfil the United Nations Sustainable Development Goals: eradicate extreme poverty and hunger; achieve universal primary education; promote gender equality and empower women; reduce child mortality; improve maternal health; combat HIV/AIDS, malaria and other diseases; ensure environmental sustainability & global partnership for development.

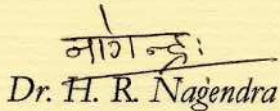

The United Nations have declared June 21 as International Day of Yoga, celebrated for the first time by millions of people of all nationalities and denominations around the world in 2015. For the purposes of continuation of the strongly supported will of the peoples, Sri Swami Madhavananda World Peace Council has organized a dedicated conference on October 2 in Vienna, Austria, titled: Yoga – A Path to Non-violence and World Peace.

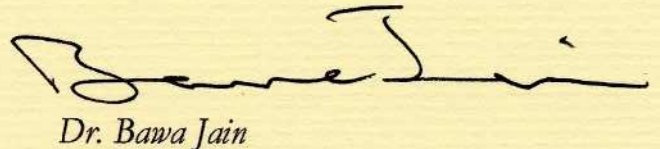

On this special occasion, coinciding with marking the 70 year anniversary of the United Nations, we entreat all world leaders to be united in their efforts towards lasting world peace by stronger acknowledgement and support for peace, education, environment, health, water purification, human rights and a world without poverty. Stronger and more active support is also needed for all the organizations around the world that actively advocate and promote the heritage and wisdom of humankind.
